

NGONG VEG EPZ.
LTD

GROWERS & EXPORTERS OF PREMIUM
KENYAN PRODUCE

About Us

Ngong Veg is viewed as an ambitious, niche company who are investing heavily and have growing as its core principle. Food safety and quality are the key parameters for the company. We are the grower and exporter – no middle men – and it is all grown on privately owned land, so we are in full control. We supply many of the top retailers worldwide, along with a strong presence in the food service and wholesale sector.

OVERVIEW:

- ✓ Over 2000 acres of privately owned land - we only sell what we grow.
- ✓ Incorporated in 2008 - growing veg for the local market.
- ✓ Licensed and approved exporter of fresh produce since 2015.
- ✓ Family ownership and commitment to sector is long term.
- ✓ Robust planning with major investments planned.
- ✓ Current Exports are 5,200 tons annually with aims to increase to 10,000 tons.
- ✓ Potential to support 20,000 tons annually - capable of managing agreed supply programs.
- ✓ Value addition: pack and label at source.
- ✓ Waste management is a key focus, in particular larger amount of composting.
- ✓ Farming at different ecological zones to deliver a wide range of crops.
- ✓ Superb water storage and borehole capabilities that allow ample water supply.
